

## SE Region HHI Report—September 2015

---

### Ashley:

The GO Red committee for Ashley County has began getting things put together. They are in the process of working on speakers/presnters for the event. The LHU Admin is also wokring to get the dates setup to have the screenings done around the Ashley County Area.

Ashely County Medical Center held a prostate screening event. They screened 35 men.

### Bradley:

The Coalition partnered with the library in Warren to make 2 raised bed gardens. They will partner with the school and after school program to teach kids how to plant, raise and harvest the crops. Education will be done throughtout the process. The coalition is also going to be partnering with New Beginnings to have a community garden. They have 2 Acres of land that they will work together to get planted and harvested for the community.

The HHI coalition had an education booth at the local fair. Hypertension and Diabetes was the focus of the booth. They also gave out Bradley county Statistics to participants.

### Cleveland:

The LHU put together a display for the local county fair. Education on Injury Prevention and Tobacco Prevention along with Services of the health Unit were given to people in attendance. The nurse from the LHU also did blood pressure checks. Approximately 30 people had their pressure taken.

### Desha:

HTN program continues with the enrollment process, still faces the challenge of the client meeting specific criteria or steps, still low actual enrollee's at this time, lots screenings and criteria being revised.

Present the "Safe Sleep" to Early Childhood Development Special Needs class of UAM-COT on the 24th, 15 class participants. (work after grant continues☺)

Celebrated D-HHIP's 13 year as a coalition on the 8<sup>th</sup>, it was well attended by the community and the focus was the HTN problems we face in Desha County and follow up with "Take Control" program highlights.

Desha County held its 3<sup>rd</sup> quarter Safety Baby shower in partnership with the hospital. 9 moms attended the shower. Safe Sleep, Purple Period of crying, Home safety and car safety are some of the topics that were covered.

**Drew:** The LHU Admin and the nurse from the LHU gave a personal hygiene presentation at Vera Lloyd Presbyterian home in Monticello.

**Lee:** The administrator participated in Lee County School District's open house event. Education information on Flu, diabetes, LHU Services, Heart Disease, Nutrition, Tobacco prevention and Injury prevention was given to all parents.

### Lincoln:
